

Human Biology UNIVERSITY OF TORONTO

Job Posting -- Course Instructor (co-teaching, 0.125FCE, 25% of a course)

Posting Date: August 30, 2017

JHA410H1-S – Clinical Neuroimaging [12Lectures/8Tutorials]

Course Description: This course focuses on the use of neuroimaging techniques in understanding how trauma, disorders, and disease impact neural structure and function. Lectures will focus on local and long-range neural impact of pathology and neuroimaging assessment. Lab work will focus on practical skills including image processing, analyses, and experimental design.

Estimated course enrolment: 147 students

Estimated TA Support: 150 hours

Schedule: Lectures on Thursdays 10:00 am – 12:00 pm

Sessional Dates: January 1, 2018 - April 30, 2018

Salary (0.125 FCE): SI: \$1,846.28 inclusive of vacation pay

Please note that should rates stipulated in the collective agreement vary from rates stated in this posting, the rates stated in the collective agreement shall prevail.

Qualifications: Candidates should have a completed Ph.D. (or equivalent) with recent scholarly contributions in Clinical Neuroimaging.

Description of Duties:

- Preparation of course syllabus and course marking scheme;
- Planning and teaching weekly lectures and tutorials;
- Available for office hours for academic counselling of students;
- Setting and marking assignments/exams and course administration in accordance with University regulations as described in the Faculty of Arts & Science Academic Handbook for Instructors;
- TA supervision and training

Closing date: September 29, 2017

Application Process:

All individuals interested in this position must submit a Curriculum Vitae and the CUPE 3902 Unit 1 application form (available at www.hmb.utoronto.ca) to:

Director, Human Biology Program, University of Toronto

Wetmore Hall Room 105

300 Huron Street Toronto Ontario M5S 3J6
